2 bridesmaids, 2 best men

Note: Guests sign more than one person per line so 40 lines (one page) should be plenty for over 80 guests. If you are not comfortable with this, order extra guest or gift pages. What this means is that you might have 5 guests signing on one line – for example, I would sign my families' names all on one line, so instead of using 6 guest page lines, we would only use 1.
